Welcome Letter From

Jesse Lipnick, MD

Course Director and FSIPP President

As course director for “FSIPP Interventional Pain Management, 2020” and President of the Florida Society of Interventional Pain Physicians (FSIPP), I would like to welcome each and every one of you to this year’s conference.

The Florida Society of Interventional Pain Physicians (FSIPP) is committed to the development of educational programs and advocacy that is innovative, cutting edge and relevant to practitioners treating patients in pain. Along with our parent organization, ASIPP, our mission is to provide and encourage educational and professional growth opportunities for physicians and allied health professionals, clinical health care professionals and local health facilities. We focus on improving patient outcomes, access to care and providing solutions to administrative, legal and business obstacles.

We are committed to outreach locally, nationally and internationally on topics that affect you, your practice and your patients. We strive to bring together an incredible faculty of thought leaders in interventional pain and conference attendees are our colleagues and friends, who truly want to improve the science, patient outcomes and quality of care. We hope to bring discussions and presentations on the best that science has to offer and we encourage feedback and recommendations to make this program truly what it set out to be.

We sincerely appreciate the input and energy invested in this conference by our board of directors, planning committee, scientific education committee, faculty members and conference staff in an effort to continue to make this program educational, informative, enlightening and most of all, fun. Thank you for sharing your time, energy and intellect with us this weekend and we look forward to sharing this time with you for many more years to come.

Course Director
Jesse Lipnick, MD
FSIPP President

The Florida Society of Interventional Pain Physicians (FSIPP)

FSIPP is THE voice for interventional pain physicians.

FSIPP has been a leader in promoting fair legislation access to care and protecting reimbursement. We continue to educate payors, state officials and organizations regarding our area of expertise. We must make ownership our specialty, promote well developed research and continue to expand our mission in the public and political arena.

Mission of ASIPP and FSIPP:

To promote the development and practice of safe, high quality, cost effective interventional pain management techniques for the diagnosis and treatment of pain and related disorders and to insure patient access to these interventions.

Our Educational Program:

Statement of need:

Pain management and interventional pain management are quickly growing fields in medicine. Emerging science and treatment options for patient care are growing rapidly and it is important for clinicians specializing in this field of medicine to know, understand and evaluate available options to be able to continue to provide the best treatment options and quality of care for patients. Additionally, this field of medicine is subject to higher than normal scrutiny, liability and litigiousness stemming from alleged over treatment and under treatment of care. It is vitally important for clinicians to understand best practices and practice guidelines to insure that they are offering the best care, remaining in compliance to lessen exposure and liability while still insuring access to care and the best treatment outcomes for patients.

Program Goal and Learning Objectives:

The goal of this activity is to disseminate best practices in the assessment, diagnosis, treatment and management of patients with pain.

At the completion of this activity, participants should be better prepared to:

- Recognize and evaluate pain, description of pain, and pain makers
- Interpret new Federal Regulations to assist in implementing standards of care and to assist in patient and compliance.
- Achieve a greater understanding of best practices and available guidelines on new techniques, agents and therapies for patients.

Target Audience and General Information

FSIPP Interventional Pain Mangement, 2020 will feature an interventional pain medicine faculty, some nationally and internationally recognized. This content led conference will help the interventional pain medicine practitioner expand and update existing knowledge/skills regarding ever-increasingly sophisticated diagnostic and practice guidelines, to share new ideas for evaluation and treatment techniques, and to increase the practitioner's knowledge and ability to act and advocate for patients within the current medical legislative and regulatory environment. Educational formats include lectures, PowerPoint presentations, a Panel, and Question and Answer time built into every presentation for audience participation and learning.

The meeting will be held at the:

The Diplomat Beach Resort
3555 South Ocean Drive
Hollywood, FL 33019

We welcome the opportunity to create sponsorship packages that meet your individual needs and we are committed to making this program conference a success for each vendor!

We look forward to seeing you at The Diplomat Beach Resort, Florida!
